To Whom It May Concern:

I am currently a Rehabilitation District Supervisor for Louisiana Rehabilitation Services (LRS). At this time LRS and the Livingston Parish School Board (LPSB) are in a third party contract together to provide Pre Ets Services to each student in each school in the district. A job posting for a Pre-Employment Transition Specialist with the Livingston Parish School Board was advertised. I applied for the position with my current agency's understanding, was interviewed by both LPSB and LRS personnel and was offered the position by the LPSB. I have not provided the PreEts services personally to any student as a District Supervisor nor as Rehabilitation Counselor in my previously position. I have attached documents for The LA Board of Ethics to review including my current SF3, my Agency's Organizational Chart and the job description of the Pre-Employment Transition Specialist. I am requesting to be added to the Supplemental Agenda as LPSB would like to add me to the contract in December and begin employment.

Sincerely,

DeAnna Harris

Rehabilitation District Supervisor
